WE BELIEVE

EVERY SINGLE PERSON *is worthy* OF GREAT PHOTOS THAT SHOW THEIR TRUE *personality*. WHY SHOULDN'T THAT INCLUDE *faculty and staff?*

We believe that it is just as important for your faculty and staff members to be happy as it is for your students and their parents. We take a unique approach to yearbook photos and put a traditional headshot spin on it! From flattering lighting techniques to proper posing, we make sure that each of your staff members feel proud of their school photo and are happy when they see it in the yearbook.

We can use our photos to help you create employee badges, websized images for display on your website and proper naming and file conventions for ease of use by your yearbook creator. The process of taking and delivering photos has never been easier than it is with Natalie Roberson Photography.

OUR GOAL

EACH STUDENT WANTS TO *look their best* IN THE YEARBOOK AND WE WANT THEM TO DISPLAY THEIR PHOTOS *proudly*.

Traditional yearbook portrait day can be agonizing! A large big box yearbook photographer hires a couple of contracted local representatives to come in, setup, shoot photos and try to get out of there as quick as possible. With Natalie Roberson Photography, you will always have Natalie and Nick or a direct member of their staff. We pride ourselves on getting to know each of the students and take our time to make sure they look and feel their best on photo day. We pay close attention to the finer details because we all know that mom and/or dad may drop off a student in perfect condition, it doesn't stay that way for long! Re-touching is included in all of our packages. We find that 90% of our parents pay for that upgrade. It helps with your branding, yearbook presentation and makes most parents happy. We don't overdo our photoshop efforts, but we do want each child looks as best as they can!

GRADUATION DAY

Their event photography goes beyond documenting the occasion; it encapsulates the spirit of celebration, weaving together candid moments and jubilant interactions into a narrative of achievement and camaraderie. With Natalie Roberson Photography, every aspect of graduation day is transformed into timeless memories that graduates and their families can cherish for a lifetime.
